Important Truth.

The fact has become well established that a large class of diseases can be traced to a depraved state of the blood, and are readily cured by such remedies as will enter into the blood, and expel from it all particles. By this means the remedy can be brought into immediate contact with the disease. The remedy that stands pre-eminent for this purpose is *Dr. Keyser's Blood Searcher.* Scrofula, King's Evil, Cancer and Cancerous Tumors, White Swellings, Enlargement of the Bones and Joints, Chronic Rheumatism and Gout, Eruptive Diseases of the Skin, old and indolent Ulcers, Goitire and Goitrous Swellings of the Throat and Neck, are cured by DR. KEYSER'S BLOOD SEARCHER with a certainty that has astonished even men well schooled in medicine. Hundreds of such persons are now suffering with diseases of this class, who, if they knew the cures made by Dr. Keyser's Blood Searcher, would not hesitate one instant in giving it a trial.

A trial will give confidence, and perseverance in the use of the medicine will restore hundreds of sufferers to health and usefulness.

Be careful and ask for Dr. Keyser's Blood Searcher, and take no other. If your druggists do not keep it, write to Dr. Keyser, 140 Wood street, and he will send it by express. $1 per bottle; six bottles for $5.

Bill Shakspeare and Cassius.

"Let me have men about me that are fat, sleek headed men—Yon Cassius has a lean and hungry look: such men are dangerous." So said Shakspeare. Now Cassius, like many another simple man, was slim because he knew not how to appreciate good living. If he were living to-day he would not be reproached because lean, for at Holtzheimer's Continental Saloon, he would repair like all sensible men do, and partake of the splendidly gotten up meals and be as sleek and fat as his tormentor. Cassius would appreciate Holtzheimer's bill of fare and would be one of the numerous patrons who throng this popular restaurant day and night. As Cassius is dead, we can only advise lean men like him to patronize no other restaurant than the Continental, next door to the Post office Fifth street, unless they want to keep lean and spare-boned.

FROM THE SOUTH.

Destitution in South Carolina—Rebel Outrages in Virginia and Kentucky—The Position of Governor Orr, of South Carolina.

NEW YORK, February 21.—The *Herald's* Southern correspondence, represents that some excitement existed in South West Virginia, on account of the murder of two members of the Red String Association, a radical organization for electioneering purposes.

In South Carolina, the great destitution is believed to be mainly due to the disorganization of the labor system.

A case testing the validity of a power of attorney, held during the war, on which property was sold for Confederate money, is pending in the United States Court at Charleston. Mrs. Caroline Carson, daughter of the late James L. Pettigru, and now residing in New York, is the plaintiff.

Governor Orr has been severely denounced for the sentiments he expressed at the Chamber of Commerce banquet, and in his address to the freedmen recently he said that four millions dollars worth of property had been banished from Charleston by the refusal of the people to associate with northern merchants. He also announced that he was in favor of giving the negro, who could read, the right of suffrage.

In Macon Georgia, high hopes of successful business this year are entertained by the merchants.

The action of New York in reference to the relief of Southern destitution is looked to with lively emotion.

The *Herald's* Frankfort, Kentucky, special says: The rebels in Boyle county have recently sent letters to General Speed Fry, Captain Goodloe, a relative of James F. Bell, Wellington Harlan, and the officers of the Freedmen's Bureau, to leave the country under penalty of death. Application to General Thomas has been made for the protection of Union men against these rebel regulators. General Fry is the officer who is believed to have killed Zollicoffer, and Wellington Harlan recruited the first company of Union troops raised in Kentucky during the war. Neither of them are extreme radicals, politically, and their most probable offense is their record during the war.

A dispatch from New Orleans says: The rebels hold a caucus to-morrow, to attempt to control the Democratic Convention. It is expected they will cause a split in the Convention between themselves and the Conservative Unionists, and will nominate a separate ticket with the rebel General Preston for Governor. If there is no split, Ex-Gov. Hahn, a stay-at-home rebel, will be the nominee.

Mr. SHERMAN moved that the Senate non-concur and call for a Committee of Conference.

Mr. WILLIAMS was in favor of the House proposition, and rather than lose it in the Committee of Conference, he said he would move to indefinitely postpone the bill. It would then come up at some future time. Pending this consideration Senate went into executive session.

The Senate bill to authorize the construction of a submerged tubular bridge across the Mississippi river, at St. Louis. Passed.

PAYMENT OF COMPOUND INTEREST NOTES.

Mr. HOOPER, from the Committee on Ways and Means, reported a bill to provide ways and means for the payment of compound interest notes, and for the contraction of the currency. Mr. Hooper explained the bill, saying the amount of compound interest notes, all of which fell due this fiscal year, was one hundred and forty millions of dollars. The bill proposed to allow them to meet the demand by help derived as a special temporary loan, for which certificates are to be issued, bearing an interest of 3. 65-100 per cent., the Committee being of the opinion that the Banks would gladly exchange them for such certificates.

Mr. STEVENS moved to amend the bill by making a section read, that the Secretary of the Treasury be directed to redeem the compound interest notes with accrued interest, and issue therefor legal tender notes. After debate he added the words "without interest, not exceeding in amount, one hundred millions of dollars." The amendment was adopted by 99 against 59. The second section of the bill repeals an act for the retiring and cancellation of four millions of greenbacks per month, and prohibits such retirement during the current year; the bill was ordered to be engrossed, but on the question being taken on the passage of the bill as amended, it was rejected by 75 against 84.

Mr. RANDALL, of Pennsylvania, moved to reconsider the vote, saying that he intended to move to strike out the second section. The reconsideration was carried.

Mr. RANDALL moved to refer it to the Committee on Banking, with instructions to report back immediately the first section only. The bill was agreed to.

Mr. RANDALL reported from the said Committee the bill with the second section struck out.

Mr. HOOPER moved to table the bill. Rejected by 59 yeas against 95 nays.

The bill then passed by 95 yeas against 65 nays.

Several reports from the Naval Committee of a private nature were acted upon, when a recess was taken.

Evening Session.—Executive documents were received, enclosing the report of the Secretary of State that Wisconsin and Pennsylvania have ratified the Constitutional Amendment, and from the Governor Rhode Island a similar announcement; from the Secretary of the Treasury transmitting the list of clerks, &c., of that Department, and their compensation. Mr. SCHENCK offered a substitute directing the Speaker to appoint a Committee of three. If the matter is left to the Navy Department a report would be got up whitewashing Annapolis. The resolution went over.

OUTSTANDING TREASURY NOTES.

Mr. DAVIS asked leave to offer a resolution instructing the Committee of Ways and Means to report a bill authorizing the Secretary of the Treasury to issue U. S. notes not bearing interest, and not exceeding $500,000,000, to redeem the 7-30 notes as they become due. Objection made.

[From the Times Correspondence.]

There is no hope that the President will approve the Military Reconstruction Bill.

The Ways and Means Committee will report to-day or to-morrow the bill suspending the contraction of greenbacks for one year, in accordance with instructions of the House, but they will accompany it with a substitute, which they will recommend, identical with the Senate Loan Certificate Bill.

[From the Herald Correspondence.]

It is understood that Frank P. Blair, Sr., has gone to Boston to induce Gov. Andrew to accept the position of Secretary of State. The visit is by authority, and is in the interest of those who favor universal suffrage and universal amnesty.

[From the Tribune Correspondence.]

The action of the House in referring the loan resolution to the Committee on Banking was intended to defeat that measure, as there is no possibility of that Committee being called again this session. The Ways and Means Committee, however, will bring in a new bill which will be moved as a substitute for the bill relative to the contraction of greenbacks.

[From Dispatches to the Evening Chronicle.]

The Bankrupt bill will not be heard from this session, in consequence of the absence of Mr. Jencks, which prevents the appointment of a committee of conference to meet the Senate Committee upon the differences of the two Houses. The balance of this Congress will be devoted undeviatingly to legislation on the practical commercial necessities of the country. The sessions of both Houses, night and day, will be the regular order, and it is thus hoped to pass the Tariff and Tax bills with the brief week remaining.

Hon. Alexander Randall, Postmaster General, had a long interview with the President yesterday, relating to his probable retirement from the Cabinet, and the acceptance of a mission aboad. The ministry to which he will be accredited will be one of the most important in the list of our diplomatic agencies, and will be provided by the recall of the present incumbent to take an important place in the home ministry.

The Judiciary Committee, in a few days, will examine John Surratt, at the jail, where he is at present incarcerated, to take the final deposition in the investigation of the Jeff. Davis league with the assassination conspiracy. Surratt is cheerful, healthful and talkative, and makes not the slightest pretension to mistaken identity.

Destructive Conflagration—Destruction of the Atlas Works Foundry.

At about nine o'clock last evening, an alarm was sounded from box No. 63, corner of Penn and Morton streets, in the Ninth ward. The alarm was occasioned by the discovery of a fire in the Atlas Works Foundry, a one story brick building, situated on Smallman street, near the corner of Morton. At a little after nine o'clock Mr. Wm. Sterrett, a member of the Atlas Works Company, and foreman of the foundry, who resides near the building, observed, from his window, a light in the direction of the foundry, for which he could not account. Going to the spot, he discovered a fire in the end of the building towards Morton street. The fire, when discovered, had made considerable progress, and although the alarm was promptly sounded, and the engines on the spot as soon after as possible, the scarcity of water in the neighborhood acted greatly to the disadvantage of the companies, and before the flames could be subdued, the building was entirely destroyed, the walls falling in a comparatively short time; but very little was saved from the burning building, a few patterns constituting all that was saved. The machine shop belonging to the same establishment escaped injury.

The building destroyed was thirty feet high, one hundred feet long and sixty feet wide. The structure, with the cranes, was valued at $16,000. A large number of patterns were in the building and were nearly all destroyed. By good fortune, Mr. Sterrett had occasion, during the afternoon, to remove about a thousand dollars worth of patterns to the third story of the machine shop. The amount of loss sustained has not been estimated, but will prove very large. The loss is fully covered by insurance, principally in Pittsburgh companies, we believe.

The origin of the fire is unknown. The workmen quit work at five o'clock in the afternoon, and all state that no unusual fire was in the building when they left. The most probable suspicion is that the fire was an incendiary one. All the engines, including those from Allegheny, were in service. The Friendship Hose Company of Allegheny was in service for the first time and did noble work.

Soldier's Monument.

A meeting of the ladies of Allegheny County Soldier's Monumental Association was held yesterday afternoon at three o'clock, at City Hall, Mrs. McKee presiding.

It was reported that the ladies of Rev. Mr. Lee's church, in Lawrenceville, the ladies of Mansfield, and the ladies of Allegheny City, each had agreed to take a table at the fair next month.

A costume for the attendants at the coming Fair was adopted, to consist of a dress of plain black, a cap and apron trimmed in blue or cherry color—similar to those worn at the late Sanitary Fair—and a badge.

On motion, Mrs. Watt and Mrs. Preston were appointed a committee to decide upon the distinctive badge to be worn by the Executive Committee.

The following resolutions were offered, which were unanimously adopted:

Resolved, That admission tickets be furnished to as many ladies in each church as shall attend the church table in one evening. These tickets are only to hold good for the evening when the ladies are on duty, and to be transferred to their successors from evening to evening.

Resolved, That each church report at the next meeting the number of attendants they will require in one evening. One married lady and two young ladies are suggested as a good number.

On motion, the following ladies and gentlemen were appointed a Committee on Decorations of City Hall for the fair: Gen. James S. Negley, Capt. W. B. Cook, Alex. Murdock, Gen. A. L. Pearson, Miss Amanda Knox, Miss Verner and Miss Jennie Watt. The Committee will meet on Monday afternoon, at two and a half o'clock, at the residence of Miss Verner, No. 319 Penn street, to prepare a plan of decorations to be submitted at the next meeting of the Ladies' Association. Fancy articles from abroad may be left at Mrs. R. Robinson's, No. 12 Hand street, or at Miss Verner's.

It was stated that all contributions in money may be placed in any bank, to the credit of James Park, Jr., Treasurer of the Association.

The Association then adjourned, to meet at the same place on Thursday afternoon next, the 28th inst. at half-past two o'clock.

Freaks of a Madman.

A very respectable young man, named Robert Christy, an employee at Nimick's Variety Works, on Diamond alley, yesterday returned to his work, after an illness of several weeks. He did not appear to be still suffering from disease, but after being awhile in the shop he suddenly lost his reason, threw off his coat, and seizing a heavy sledge hammer, began striking himself on the head with it. He struck several blows, and in a moment or two blood was streaming from his wounds. Some of the workmen endeavored to prevent him from inflicting further injury upon himself, but he kept them away with the dangerous weapon. He then rushed upon Mr. Nicholson, a warm personal friend, and dealt him a blow on the head which almost felled him to the ground, and inflicted a severe scalp wound, from which blood flowed profusely. Christy then seized an iron bar, and taking a position in the shop, defied any person to interfere with him. Information was conveyed to the Mayor's office, and officers Moon and Dressler were sent to arrest him. As soon as Christy saw officer Moon he threw away his weapon and taking him by the hand he shook it very heartily. He was induced to accompany the officer to the lock-up, when Dr. G. L. M'Cook was called in to dress his injuries. Several gashes were found on the side of his head, and a very severe one on the top, which it was found necessary to sew up. The physician expressed the opinion that the skull was not fractured. The condition of the unfortunate young man, who is undoubtedly laboring under temporary insanity, probably superinduced by his sickness, is considered precarious. After his wounds were dressed he was removed to the residence of his mother, a widow, in the Sixth ward. He is represented by those who know him as being an exemplary young man, and of a most kindly disposition. Dr. M'Cook also dressed the injuries of Mr. Nicholson, whom Christy struck. The wound is a painful one, but not of a dangerous character.

A Fort Perry Thief.

Yesterday morning, Michael Sullivan, a boy in the employ of Mr. John M'Closkey, coal merchant, of Port Perry, as an office boy, was placed in the lock-up for larceny. It appears that the room of H. T. Wylie, clerk of the coal yard, was entered some time during Wednesday night and a pocket book containing a safe key and fourteen dollars and some scrip, taken from his pantaloons. Suspicion was at once attached to the boy Sullivan. Mr. Wylie came to the city at seven o'clock yesterday morning, and made known the fact to the Mayor's police, and diligent search was made for the boy. Officer Busha found him on the guard of the steamer Bayard, lying at the wharf, at about nine o'clock yesterday morning, and conveyed him to the Mayor's office, where he was searched and the pocket book and the safe key were found in his possession. It was feared that he had opened the safe with the key, and abstracted some valuable papers therefrom, but this was found not to be the case. The prisoner was locked up and will have a hearing to-day.

A Double Larceny.

About a month ago a boy named James Deeny, stole $25 from his father, Wm. Deeny, a second hand dealer on Gay Alley, Allegheny. On the same day, as is alleged, another boy named Alexander Gardner, decoyed young Deeny to the Railroad, and there robbed him of the stolen money. After the robbery Gardner went and purchased a gun with part of the money, and then decamped. Mr. Deeny made information against Gardner before Mayor Morrison, and officer Campbell was set to catch the boy. Yesterday the officer succeeded in finding him in the blacksmith shop on the corner of Ohio and Sandusky streets. The youthful highwayman was locked up, and in the course of the afternoon young Deeny also made his appearance and was also locked up for a hearing on a charge of larceny.

Robbery in Allegheny.

On Wednesday evening Miss Lizzie Grubbs, residing on Martin street, First ward, Allegheny, while absent from her room for a short time, was robbed by some scoundrel who entered her room and stole therefrom six dollars in money. One dollar of the money was in the pocket of a dress hanging against the wall, and the remainder was in a box on the mantle piece. A considerable amount of money was concealed in the bed in the room, and escaped the thief. Miss Grubbs is a hard working woman, and the loss, small as it is, is considerable to her.

Finally Committed.—Wm. Smith, charged with highway robbery on oath of Adolph Kahlerd, as reported by us yesterday morning, had a hearing before Mayor McCarthy yesterday afternoon, and was finally committed for trial.

Hurt on the Railroad.

Yesterday afternoon, between two and three o'clock, an accident occurred on Moorhead's Siding, off the Connellsville Railroad, by which James Dougherty, a brakesman on a train of "dumpys," or dirt cars, on the Connellsville Railroad received very severe injuries. At the time mentioned, a train of five cars, partially loaded with dirt, had backed upon the siding to permit a passenger train to pass. The engine of the dirt train was attached to the train in a reversed position, and Dougherty was standing at the brake of the car next the engine. The train had commenced moving off the siding when the tender of a shifting engine which was moving slowly ahead of the train, was struck by the tender of the dirt train. The shock was very slight, as both trains were moving at nearly the same speed, but Dougherty did not see the other engine ahead, and was therefore unprepared for the shock. He was thrown from his balance and fell to the ground, falling between the rails under the first car. The train of five cars passed entirely over him before it was stopped, rolling him over and over, and, as was at first supposed, crushing him completely. He was immediately taken up and conveyed to his boarding place, Mrs. McIntyre's boarding house, on Water street, above Grant, where every attention was rendered him. Drs. Arthurs and Phillips were called to attend him, and ascertained that his injuries, though extensive and severe, are not necessarily fatal. He has received severe cuts and contusions on the head, but his injuries there are not considered very serious. A very severe contused wound was inflicted on the right elbow. At first it was supposed that the elbow joint was laid open, but a careful examination proved that this was not so. The right hip was found dislocated in such a manner that a reduction of it was exceedingly difficult. The lower third of the fibula of the left leg was fractured, and the left ankle badly dislocated. The patient was placed under the influence of chloroform, and his fractures and dislocations reduced, and other injuries properly attended to, and last evening, when we visited him, he seemed very comfortable. Dr. Arthurs expressed the opinion, that with proper care and caution, the injured man will recover. Mr. Dougherty is a young man, residing in the city, and is highly spoken of by those who know him.

The Pennsylvania Railroad.

The annual report of the business of the Pennsylvania Railroad Company, for the year 1866, was read before the annual meeting of shareholders on Tuesday, in Philadelphia. From it we learn that the capital of the Company is $20,000,000. The mortgage debt is $9,884,840, and other liabilities $15,378,894—making an aggregate of $45,263,734. The cost of railroad and branches is put down at $13,500,000. In addition, the Company claims credit for the Harrisburg Railroad, $1,882,500; Columbia Railroad and State Canals, $6,000,000; equipment of road, $3,371,215; real estate and telegraph line, $3,421,481, and extension of trunk line west to the Monongahela, and east to the Delaware $2,121,157—making an aggregate of $30,896,403. The Company presents other credits in bills receivable, stocks, bonds, &c., to the amount of $15,247,742. The gross earnings of the road, and of the roads worked in connection with it, except the Philadelphia and Erie road, for the past year are $16,583,892, and the total expenses, ordinary and extraordinary, $12,790,599—leaving an excess of $3,792,973. The whole number of passengers carried in 1865 was 2,861,856, and during the past year 2,673,968. The average distance traveled by each passengers was 52 miles, and the previous year 71½ miles, this difference being due to the larger amount of through travel and troops in 1865. The freight carried was 3,452,748 tons, embracing 1,413,181 tons of coal. The increase in the coal traffic is 338,424 tons, and the whole tonnage of the road exceeds that of 1865, 655,908 tons, or nearly 25 per cent. The working expenses were 64 per cent. of gross receipts on the Company's roads. The Company's canals in the year earned $297,867, against $181,915 for 1865. The expenses were $233,438—showing a nett profit of $64,429.

False Alarms.

False alarms of fire are a source of great annoyance to the fire department and the public, and are, withal, not devoid of danger in their tendency to relax the vigilance and energy of those whose business it is to attend to authentic alarms. On Wednesday afternoon the department and the people were utterly nonplussed by a remarkable mixture of alarms which sounded from the big bell, and something worse than nonplussed when they ascertained that the whole alarm was false. It seems that a boy rushed up Short street to where a night watchman stood, and shouted fire at the top of his voice. The watchman immediately went to box No. 3, on the corner of Front and Short streets, and struck the alarm. The bell was immediately sounded from the central office, but before the required repetition had been given an alarm came in from box No. 7, corner of Market and Water streets. It appears that the same boy ran on up Front street and met a special policeman, to whom he also yelled fire, thus causing the second alarm, which was struck immediately after No. 3. Some of the engines went to No. 3, and some to No. 7, while one started for box No. 31. Both alarms were false, although, of course, no fault attaches to the operator in the office. It will readily be imagined that all the deceived firemen did what the British army did in Flanders. We would advise the sound punishment of that boy, and would also recommend those having keys in their possession to be more circumspect in the sending of alarms.

Attempt to Commit a Rape.

Last evening officers Wilmot and Brown of Strain's Independent Police force, visited Stewardstown, above the city, adjoining Sharpsburg, and arrested two men, named William Stewart and Philip Heister, on a charge of assault and battery with intent to commit a rape. The information had been made yesterday before Alderman Strain by a girl named Sarah Smith, a resident of Hay street, this city. She alleges that she was on a visit to the house of Justice Smith, of Stewardstown, a few days since, and while asleep in bed at about midnight, the prisoners entered her room and Heister got into the bed and with violence attempted to outrage her person. Stewart merely stood by without assisting the girl in her efforts to get free from Heister. A hearing will be held in the case to-day, when perhaps a new light may be thrown upon the affair. Both the accused are married men with families.

The Skating Champion.

To-morrow Mr. John Engler, Jr., the great skating champion, takes his leave of Pittsburgh and goes East, where he has engagements to give exhibitions of his marvellous skill on parlor skates. Mr. Engler, during his stay in our city, has won hosts of friends by his personal characteristics, as well as numberless admirers by his wonderful skill as a skater. No other adept in the fascinating art of skating who has ever visited our city, has awakened the enthusiasm that has been shown for Mr. Engler during his entire stay with us. His admirers were not satisfied with the high honors accorded to their favorite by the judges of the late national contest, but as a token of their high appreciation, themselves presented him with one of the most magnificent gold medals we ever saw. May Mr. Engler meet everywhere with as warm friends as he has found in Pittsburgh, and he will be happy, so far as friends can make a man happy.

Common Pleas Court.

Before Judge Mellon.

Keyran Bracken vs. D. P. Hatch and others. Before reported. Verdict in favor of plaintiffs for $20. A non-suit as to all of defendants, except D. P. Hatch and Henry Atkinson, was taken by plaintiff's counsel.

Before JUDGE STOWE.

G. and J. McClurg vs. Western Transportation Company. This was an action to recover damages to the amount of between $390 and $400, for a wagon and contents destroyed by a collision with an express train of defendants, going west, at Paris crossing, in Washington county, in August last. The case went to the jury, and the verdict will be rendered on Monday morning. Messrs. Kirkpatrick & Mellon for plaintiff; W. C. Moreland, Esq., for defendants.

Hearing.—George Nesmith, charged with seduction on oath of Isabella Stoner, had a partial hearing before Alderman Donaldson, yesterday afternoon. The case was postponed until next Thursday afternoon. The defendant proved by several witnesses that he did not leave Liverpool until July 4th, whereas the alleged seduction is said to have taken place in the latter part of June. Dr. Pratt, charged by the same prosecutrix with attempted abortion, has been held to bail for Court.

Woman Drowned.—Yesterday a dispatch was received at the Mayor's office from Armstrong, a village on the Youghiogheny river, stating that a woman had been drowned at that place yesterday, and requesting that the police give information if the body was recovered here. The name of the unfortunate woman was not given, nor any particulars of the drowning.

Dam Washed Away.—The flood in the Youghiogheny yesterday, carried away the dam on the Youghiogheny river, five miles above McKeesport. By this disaster, the coal interest of that neighborhood will be injuriously affected for several months.

The Allegheny Gas Explosion—Conclusion of the Coroner's Inquest—The Gas Company Censured.

Our readers will remember the circumstances of the gas explosion in Allegheny last week, by which a little child named Barker came to its death. Last evening, the testimony before Coroner Clawson was concluded. All the evidence went to show that the explosion was occasioned by leaks in the main gas pipe in the street, some fifty feet from the house, and the service pipe leading into the dwelling. After deliberation, the jury agreed upon the following verdict: That Samuel B. Barker came to his death in Allegheny City, on the 13th of February, 1867, from injuries received by an explosion of gas, caused by a leakage from a break in the main pipe on Darragh street, and also in the service pipe between Bradley's woolen factory and his dwelling house, said escapes of gas being caused by the negligence of the Gas Company in not promptly attending to said leaks.

Oliver Cromwell.

The lecture of Mr. Henry Vincent, the eloquent English Reformer, who is now on a visit to our shores, on the life and character of Oliver Cromwell, given last evening at the Academy of Music, under the auspices of the Young Men's Library Association, was one of the most eloquent and spirit-stirring vindications of the principles and character of that great man that it has been our privilege to hear. Hardly ever have we heard such hearty and oft-repeated bursts of applause from a Pittsburgh audience, as one magnificent and thrilling period succeeded another. To hundreds who heard that lecture it will be a life-long memory, and a salutary and healthy one.

R. B. Norris, No. 79 Federal street, Allegheny, the fashionable and popular Merchant tailor, announces through our columns that he has just received a fine fresh stock of new spring goods from which excellent selections may be made suitable for the season. Mr. Norris enjoys an enviable reputation in his business, gets up garments in the most approved, durable and fashionable style and may be depended upon at all times for neat fits. Give him a call for any thing in the gentleman's clothing line.

Remember the Poor.—Through the courtesy of Mrs. Levi Wade, Secretary of the "Pittsburgh Association for the Relief of the Poor," we have been favored with the third and fourth annual reports of this very worthy and noble organization. The field of labor has been large, but the good work of relieving God's suffering children, went on nobly through the exertions of those christian ladies.

Iron City Temple of Honor and of Temperance, No. 5, last evening appointed the following delegates to represent said Temple in the State Temperance Convention—Committee to meet in Harrisburg on February 26th, 1867: Isaac Chares, W. G. Warren, G. L. M'Intyle, S. Landis, J. C. Graley, and B. J. Ledley.

District Court.—Before Judge Hampton. The case of Samuel Rowan and wife vs. Pittsburgh and Cleveland Railroad Company, before reported, was proceeded with, and the evidence and arguments having been concluded. Court adjourned till Monday, when Judge Hampton will deliver his charge to the jury.

A False Alarm.—Shortly after the alarm from box No. 63, last night, another alarm sounded from box No. 51, corner of Wylie and Fulton streets. The alarm was occasioned by a burning chimney.

AMERICAN LITERATURE.

Much is said, in a vague and general way, in praise of the universality and comprehensiveness of learning in the United States. If these extravagant pretensions are subjected to practical tests, of any appropriate sort, they are found to be unsubstantial and fallacious. The most natural and decisive of these tests is the condition of our Literature.

This may be divided into two departments: What may be termed Permanent Literature, gets printed in books, and runs to one or more editions. What may be termed Evanescent Literature, includes speeches, pamphlets, reviews, newspapers, sermons, and the like.

Our Permanent Literature bears no comparison with that of England, France, Austria, Belgium, or Prussia. In the higher ranges what we have can scarcely be called a Literature. Nor do we even borrow and domesticate among us the European of the highest grades. In all the advanced nations of Europe works of a superior rank are published, and run through several editions, which are never seen here except in a few select libraries, and are scarcely heard of otherwise than through the medium of the foreign Quarterlies. If all valuable Literature should be measured by an ascending scale of ten degrees, it would be found that up to three or four there is considerable Permanent Literature here; above, very little.

Nor is this the worst of it. Our Permanent Literature can be called American only by courtesy. It is not fructified and emboldened by the national spirit. As a general thing it is superficial, tame and weak. It does not embody that contempt of authority which grows out of the character of our political institutions. It is destitute of our peculiar philosophical turn. It fails to exhibit even that uncertainty in respect to first principles, which is our standing shame. It lacks our national intensity, our spontaneous hope, and our fresh intuitive perceptions of truth. Above all, there is little genuine love of Freedom in it. Why? Simply because it is not original, but borrowed.

Much more of what is really American is found in speeches, pamphlets and newspapers. Between these three there is not much difference, but the last may be taken as representing the cast of the American mind most accurately. If this be so, no flattering picture of our morals or manners is presented. For, while public journals can be named which are conducted not only with smartness but with ability; which handle all questions they treat of with understanding and fairness; and preserve their own dignity [illegible] extending due respect to others; the great majority are of other sorts. Vulgarity, rant, and bragging violence, recklessness of truth and justice; disregard of right and duty; what are these but the representation of the every day life of the nation?

The war and the discussions consequent thereon, have had a beneficial and elevating tendency in this regard. For while ample incitements to violence have been furnished by stirring events, occasions have been developed for calm, searching and exhaustive investigations. First principles are not at the discount they once were. Still, it will require many years before, in the order of growth, we shall have reached that literary excellence of which we even now proudly boast as among our national attainments.

ABANDONED CHILDREN.

All tax-payers, at least, are aware how considerable portion of the aggregate levies is devoted to the public education of the people. In all the larger towns from a sixth to a fourth of the taxes paid take this direction. Yet it is a matter of astonishment how many idle and vagrant boys and girls there are in the streets. We do not here include truants, and occasional absentees; but children who do not go to school regularly, if at all. It is difficult to make a precise estimate of the number who get about all the education they have in the streets, but it is so great as to go far towards explaining the increase of crimes which appals all who are familiar with the penal statistics of courts and prisons.

It is evident what must become of these neglected children. Conceding that some are so admirably organized as not to receive a permanent taint from surrounding corruption, that some have so excellent a genius that they will obtain learning under the most disadvantageous circumstances; it is evident that the greater part will remain of very different sorts. They will take the coloring of their lives from the condition into which they are launched.

What have these forsaken or misgoverned children to help them? Nothing, or next to nothing. With an intense craving for activity, they have no one to start them in the right direction, and many to give them an impulse the wrong way. They are poor, wretchedly clad and ill fed. There is nothing in their surroundings to foster self-respect; nothing to awaken and make sensitive the conscience; nothing to quicken or inspire their ambition. They find themselves beggars in the midst of opulence, and idlers in the brisk on-goings of trade and manufactures.

In centers of population life, with all classes, becomes intense. The man of business, the student, the humanitarian all feel this. Hence the passions [illegible] appetites of these miserable children [illegible] towns are stronger and more active than in corresponding grades brought up in the country. Moral and cultivated people spurn them as instinctively as they do pestilence. They are left to herd with the basest of men, and take new lessons in vice and crime, with none to give them wiser and better counsels or to lead them into safer courses.

It is hard enough to be poor in the country, where social position is not so sharply defined; where wants are few; where all live plainly; and where artificial wants do not press and clamor gratification. But in towns unreal wants are created and become more imperious in their demands than natural ones. To be hungry and ragged and dirty, in the midst of luxury and wantonness and retirement, is a lot sad beyond the power of expression; and the mystery is not that this adverse fortune wrecks many, but that any are found who escape destruction.

Take one of these miserable ones. Born, unwelcome, amid wretchedness and destitution, his coming increased both. His struggles through infancy, if natural strength of constitution holds out, less tended and cared for than the offspring of beasts. As he becomes a boy, and takes a survey of the world, and of his case as connected with it, everything repels him. Commonly he is dressed in rags so squalid as to prevent him seeking honorable employment with any hope of success. Clouds and thick darkness are about him, barring his steps in every proper direction. He is young in years, but old in misery. His companions are wo begone as himself. Is it strange that he easily becomes initiated into crime, and rapidly sinks past reclamation?

Who is responsible for all this? Let any man, the proudest in his assured position of social respectability, ask himself what he would have been had it been his fortune to be thus conditioned. It would certainly seem that somebody is more to blame than these outcasts are, and yet it is exceedingly difficult to determine who, and to fix the precise measure of responsibility. This much, however, is clear, that society at large pays a heavy penalty. The cost is not simply to be measured by what it takes to maintain constabulary, courts, jails and penitentiaries. This is the smallest part of the reckoning, vast as it is in itself. Besides this, there are the losses suffered through actual depradations, and the yet more serious and crowning sacrifice of men lost to industry, to usefulness, to virtue. It is easy, when a man's capacities are understood, to compute his value as a material producing force. By a kindred process it is possible to approximate the average of pecuniary mischief a bad man will inflict upon the community. But it is impossible to weigh a virtuous life in scales and compute its value in gold or greenbacks. It is just as impossible to tell what loss a life miscarried and spent in vicious or criminal courses entails upon the offender and society.

This is manifest. It is much cheaper to educate than to punish; more economical to sustain schools, and compel attendance, than to support jails and State prisons. The remedy cannot be found in additional harshnesses, but in ameliorations that shall lift up the lower classes of town population.

RECONSTRUCTION OF GERMANY.

Some days ago we adverted to the strong disposition evinced by the German kingdoms and principalities situated on the south of the river Main, and designed by the treaty of Prague to be included in the South German Confederacy, to become attached to Prussia, and of the refusal of the application of Baden to that end.

Bavaria has taken a new step. Its Prime Minister announces that no South German Confederacy will be formed, and that, "for the preservation of Germany, and the unity of all the German tribes," she would ally herself, in case of war, with Prussia, and that, meanwhile, the Bavarian army would be so organized as to facilitate such co-operation.

A Conference of all the South German governments is to be held at Stuttgardt, to make the same arrangement. This done, all the German troops, in case of a foreign war, except those belonging to Austria, would be placed under the leadership of Prussia. This will create a force fully equal to that which France can bring into the field.

These movements are of high moment, and cannot fail of ending in the consolidation of Germany into one Government. Parliamentary rule has been decreed in Prussia, and if all has not been granted that is desirable, improvements will be certain to follow speedily. There may be some uncomfortable friction in the working of the machinery for a little while; but the Germans have abundant learning, intelligence and love of liberty to maintain, in Central Europe, a system in which all the inherent rights of man shall be respected.

"Considerable noise is being made in the State Legislature over alleged corruptions in the management of the canals, and a committee of the Senate and Assembly has been appointed to investigate the matter. These investigating committees are very innocent, harmless affairs and seldom hurt anybody. The one in question will doubtless have a good time with the Canal Commissioners and contractors, drink a few bottles of poor champagne, get well filled with abominable Albany whisky, and make a report extolling the virtues and honesty of all who have anything to do with managing, repairing or running the State canals."

IMMEDIATE RELIEF—A Cure AT LAST—METCALFE'S GREAT RHEUMATIC REMEDY, for Rheumatism, Neuralgia, Gout, Nervous Headaches, and Pains in the Head and Face.

This preparation is entirely new, having been in use only a few months; yet, in no single instance has it been known to fail. The first dose (forty drops) invariably relieves the pain, and thrice repeated, often effects a cure. It not only relieves the most excruciating agony; but, when the patient has been confined to bed for months, a few doses will frequently carry off the attack in two or three days; and in many cases of extreme torture, relief has been obtained in a few hours. In all other cases the sufferer has been restored to health in a short space of time. The great charm of METCALFE'S RHEUMATIC REMEDY is the small quantity necessary to cure the most violent attacks of Rheumatism, Neuralgia, Gout, Nervous Headaches, and all similar complaints. In this respect it is very different to the other numerous remedies which are constantly being brought before the public; the great benefit of which lies in the poor sufferer's swallowing three or four quarts of some nauseous liquid, before the slightest relief is promised. Remember that a few drops of this wonderful medicine acts like magic, and instantly alleviates the most unbearable pain.

Tell your afflicted friends to try it and be convinced. Price one dollar per bottle. Sole Agent for Pittsburgh,

READ THE CERTIFICATE OF Rev. R. T. FLUALIN.

To DR. HOSTETTER:

Dear Sir:—This is to certify that I was taken with the dyspepsia a year ago last March, and, for a period of eight months, was one of the most miserable creatures you ever beheld, not being able either to eat, drink, or sleep, and was compelled to walk the floor incessantly. I was nearly deprived of my reason, and hope had entirely left me, all the efforts made for my recovery having proved fruitless.

By the first of November, 1865, I had become so weak and feeble that I could scarcely stand alone, and, to all appearance, would soon die. At this time (having read your advertisement,) my wife prevailed upon me to try your Bitters. A bottle was procured, and, strange to say, I soon commenced recovering. I have taken four bottles, and am enjoying as good health now as could be expected for one of my age (about sixty years.) I have no doubt that it was your Bitters alone, under Divine Providence, that effected this wonderful cure. R. T. FLUALIN.

THE HEALTHINESS OF THE WHITE PINE.

One of the most valuable compounds that has ever been brought before the American public is that of the white pine, called POLAND'S WHITE PINE COMPOUND. It is compounded from the inside bark of the pine tree, which grows abundantly throughout all the New England States, and has long been known and valued for its anti scorbutic properties, not only by the inhabitants of that region of country now resident, but likewise to the wild Indians who formerly roamed the wilderness of the New England pine region, and from whom its great medical virtues seem to have been learned. POLAND'S WHITE PINE COMPOUND is, then, nothing more or less, as its name imports, than a complete, pleasant and effectual remedy made from the sweet inside bark of that valuable forest tree, combined with a few other well known diuretics. Its effects on the kidneys and other secerning organs is truly surprising, but perfectly logical and scientific at the same time. It will be found exceedingly valuable in all dormant and diseased states of the mucous tissues, and we would especially recommend it where Buchu and such like remedies have failed, as being more active and efficacious for diabetes, bleeding from the kidneys, blind piles, enuresis, gravel, and nearly every disease of the mucous lining of the bladder and kidneys.

Sold by the gross, dozen, or single bottle, at DR. KEYSER'S Great Medical Store, 140 Wood street. fe22-u5

CITY AND NEIGHBORHOOD.

SENATOR GRAHAM.

Presentation to General Cameron at Harrisburg—Speech of Senator Graham, of Allegheny County—His Reasons for Supporting General Cameron for United States Senator.

On Saturday afternoon last, at Harrisburg, the workmen employed in the Lochiel Iron Works, presented to General Simon Cameron, a magnificent ebony cane, heavily mounted with gold. The presentation was intended to mark the respect of the workmen for the man, and a testimony to his worth as a citizen. The subscription to purchase the cane was confined exclusively to the employees in the Lochiel Iron Works. The cane bears the following inscription:

"Presented to General Simon Cameron, by the employees of the Lochiel Iron Works, as a token of their high appreciation of his valuable services in favor of protection to American Industry."

On the side of it is a beautiful and correct picture of the Iron Works, and underneath are the words, handsomely engraved: "Justice and Equality to all men." The other side presents the State Capitol building, with the words underneath, "Liberty and Protection."

The presentation of the cane took place at the iron works. Mr. C. Lewis, one of the workmen called the employees together a little before four o'clock, and proposed Senator Graham, of Allegheny county, as chairman of the meeting. The motion was enthusiastically endorsed and Mr. Graham stepped upon a platform, especially fitted up for the occasion.

Mr. Graham then addressed the workmen. After referring to the object that had convened the meeting, he said: You know, gentlemen, that I hail from the cloud canopied cities of Pittsburgh and Allegheny, where the hum of the spindle, the roar of the furnace and the clang of the hammer never ceases, and not to be a laborer is not to be respected. For, gentlemen, we are eminently a manufacturing people. The healthful life current that courses through and gives vitality and wealth to every department of our business, receives its pulsations from our grand manufacturing establishments, which stand forth and speak most eloquently of the energy, industry and enterprise of our people. When I became a Senator, five years since, I came to Harrisburg with my mind filled with prejudice against Simon Cameron. I had heard him denounced by the public press, and I held up as a corrupt and unscrupulous man. Previous to that time I had no personal acquaintance with him.

Since I have become personally acquainted with him, since I have learned from his neighbors of his large-hearted benevolence, of his generous and unselfish benefactions, of the purity of his private character, of his loyal devotion to the best interests of his country, those prejudices have been gradually removed, and a genuine admiration and respect for the man have taken their place.

In determining my action in the late contest I did not act hastily, or without due consideration. There were three gentlemen named prominently as candidates: Thaddeus Stevens, Gov. A. G. Curtin and General Simon Cameron.

Thaddeus Stevens I regarded as one of the greatest men of this or any other country standing without a peer as a parliamentarian, one of the wonderful intellectual phenomena that but rarely break upon and adorn the world. He was, indeed, regarded by me as the "great Commoner"—radical, stern, inflexible—always standing up for the right and opposing the wrong, a man of whom I, as a Pennsylvanian, as an American, feel proud. "A man who, take him all in all, we ne'er shall look upon his like again." But, gentlemen, I believe—I still believe, that he occupied the very position that "God and nature" intended him for—a position in which he could do more honor to himself, and more effectually promote the interests of the nation, than he could if transferred to the Senate. He was at the head of the most important committees, the acknowledged leader of the House, wielding an influence there which, in my judgment, he could not have exerted in any other position. And as for honor; could any position garland the brow of Thaddeus Stevens with an additional laurel?

Again, gentlemen, if elected to the Senate, I feared that his seat in the House might be filled by some inferior man. And then, again, his age; the young may die—the old must. Thaddeus Stevens has lived to a green old age, and according to the inevitable laws of nature, must soon, very soon, pass to that silent house appointed for all the living—go, I trust, to have his head encircled with a wreath that will be incoruptible, undefiled, and shall never wither or fall from the wearer's brow.

Gentlemen, a very few years work wondrous changes in the world—the political world especially. Elect Mr. Stevens to the Senate, and in the event of his decease (which Providence forbid), in two years the Democratic party might be in the ascendency, and then we would have a Democratic United States Senator. Entertaining such views, and knowing as I thought I knew the impossibility of his election, I did not deem it to be my duty to vote for him.

I felt myself obliged, therefore, to choose between Governor Curtin and General Cameron. For myself I entertained none but the most kind and respectful feelings towards Governor Curtin; he had always treated me with great consideration. All acknowledged him to be a courteous, amiable and patriotic gentleman. I had been his friend and defender in Allegheny county, where he was assailed in some of our papers just as bitterly and unjustly as General Cameron has recently been attacked.

Yet, gentlemen, while none have been more honestly and unselfishly the friend of Andrew G. Curtin than myself, I could not vote for him for United States Senator, and why? Because my opportunities for studying his character, convinced me that the very amiability of his disposition, his want of firmness and decision, unfitted him at a time like this, when our country needs earnest, unyielding, radical men; men who will stand up like the surge repelling rock, unmoved by the warring elements; men whose party fealty has never been doubted. I will not say an unkind word of Governor Curtin. I have not uttered one against him. Yet I cannot refrain from assigning, as a reason for my not voting for him, his doubtful position, for a time at least, during the last Presidential contest, and his apparent adhesion to the man who, raised by the Republican party to the second office in the gift of the people, and then by the assassin's hand to the Presidency of the United States, basely betrayed those who had honored him, and is to-day using his position and patronage for their destruction. I say his apparent adhesion to President Johnson, after he had betrayed the Republican party, and that party had repudiated him. This adhesion may have been only in appearance, yet it was such as to cause many of his friends sincere regret.

On the other hand, my prepossessions on entering the Senate had been against General Cameron. I had heard the old charges against him, and I was disposed to judge him harshly. When, however, I came to know him better, to observe his life and conduct, and to ascertain what the people among whom he lived thought of him, I was compelled to disregard the slanders of his enemies and to form my own judgment of his character. My intercourse with him satisfied me that he was an upright and earnest statesman, thoroughly radical in his views, and devoted to the interests of Pennsylvania. Moreover, I felt sure that he would be found reliable in any contingency, and that the Radicals of this State would never have cause to regret that they had chosen him to represent them in the Senate of the United States. And again, gentlemen, the constituency which I represent are vitally interested in a protective tariff. The material prosperity of our immense manufacturing interests are in a great measure dependent upon proper protection. I remembered the fact that Simon Cameron; when in the Senate, elected to it by the Democratic party—when this question of protection to American industry was before that body, rose superior to party trammels, and in opposition to his party, advocated it in various speeches of great power. And then, gentlemen, I looked at his record, since the breaking out of the late terrible rebellion. He seemed to have a more perfect conception of its magnitude, than any man in public position. With prophetic eye, he seemed to scan it in all its gigantic proportions, and urged the calling out of one million men to crush the rebel armies. And after the war had continued for a time, and our forces seemed inadequate to subdue the rebellion, General Cameron was the very first statesman who advocated the arming of the negro, which he did in his report as Secretary of War, in December, 1864. And yet, again, when he saw that slavery was a great element of strength to the rebels—when he saw four millions of human beings, trodden down under the iron heel of oppression until almost every lineament of God-head and humanity was obliterated—he was among the first who urged the issuing of the proclamation of emancipation, thus striking off the shackles of four millions of human beings, and obliterating that deep, dark, damning stain that rested upon the escutcheon of our country.

I knew that he was in favor of negro suffrage in Pennsylvania as well as in the South—that he was in favor of punishing traitors—instead of rewarding them with offices—that he was a progressive man and would always go forward—never backward.

For these reasons I resolved to vote for General Cameron; if any of my friends think I ought to have done other wise I am sorry I cannot agree with them. I believe then and I still believe that in voting as I did I represented the best intereests of the loyal and patriotic people of the State.

I knew that personally I had nothing to gain by casting my vote for General Cameron. I never asked for or received a favor from him—neither expected or desired any present or prospective advantage to myself, but upon the contrary, knew that I might alienate many valued friends. Yet with my conceptions of duty under the solemnities of my oath as Senator, I could not do otherwise than I have done. And, gentlemen, employees of the Lochiel Iron Works, and you, gentlemen, his friends and neighbors, who now, with upturned, beaming, earnest faces, stand around me—if I needed an additional argument for having cast my vote for General Cameron, you have furnished it to me in the earnest, enthusiastic greeting you have this day given him; in the cordial, kindly, brotherly feeling which seems to exist between you; in the genuine affection which you manifest for him, and the evident interest you take in him. Gentlemen, no ordinary man, no bad man, could ever win the hearts or secure a place in the affections of men such as comprise this assembly.

In reviewing the whole subject, my conclusion is this: by voting for general Cameron, I contributed my influence to elevate to power and place a man of known and reliable antecedents, largely and intimately identified with the material interests of this great State, a man of bold and radical avowals, holding a large place in individual affection and public esteem, and whose wide influences will be consecrated to the good of the whole land. Firmly believing this, I most cheerfully submit my action to the sober judgment of the wise, the discreet, and the patriotic. Again, gentlemen, I thank you for the unexpected honor you have conferred upon me in calling me to preside at your meeting.

The cane was then presented to General Cameron by Mr. C. Lewis, on behalf of the workmen. The General made an appropriate and interesting speech in response. Senator Landon also made a brief address.

Found Drowned.

On Sunday, the 17th inst., the dead body of an unknown man was found in the Allegheny river, near the Soda Works at Natrona. The man was of medium size and had dark hair and sandy whiskers. A front tooth was out of the upper jaw and his right eye was sunken, as though he had been blind with that eye. He had on striped woolen pants, a gray flannel shirt, blue barred woolen vest and heavy boots. Nothing was found in his pockets save a key and a comb. Not the slightest clue by which his identity could be established existed. The corpse had evidently been a considerable time in the water. Justice Miller held the inquest, and a verdict of found drowned was rendered.

Badly Scared.

Yesterday, Jane Sloan, a colored woman, residing on Boyd's Hill, made information before Alderman McMasters, charging Robert and Margaret Savage with suroty of the peace. She alleges that on the 19th of November last, the accused met her on the street and commenced abusing her, calling her names and using such violent threats that she became so badly frightened as to be sick from that time until this, so the information was delayed until this time. The case was held for a hearing.

Sent to Jail.—On Wednesday evening Rachel Hunnewell, charged with the killing of her new born infant in the Presbyterian burying ground, some time since, was committed to jail. She waived a hearing, stating that she would prefer to avoid the publicity of a trial as long as possible. She earnestly requested to be retained in the lock-up instead of being sent to jail, and when told she must be transferred, asked that she might be removed after dark, so as to avoid the public gaze as much as possible. Since her imprisonment in the lock-up, her daughter has been several times to visit her. The health of the prisoner is very much improved.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, February 21, 1867.

The following are the New York stock quotations for to-day: Gold, 137¾; 1881 bonds, 110½; Five Twenties, old, 111⅜; Five Twenties, '65, 108⅝; do new, 108⅝; Seven Thirties, 105¾. Michigan Southern Railroad, 75¼; Cleveland and Pittsburgh, 80; Pittsburgh, Fort Wayne & Chicago, 96⅝; Erie, 55⅝; Western Union Telegraph Company, —; Chicago and Rock Island, 97⅝; Chicago and Northwestern, 36½; do preferred, 65⅝; New York Central, 101⅝.

—The New York clearing-house statement indicates less positively than usual the easy condition of the money market, because business is dull, and the consequent need is small for accommodation. The effects are seen, however, of the activity in the Government sales of new Five Twenties of 1865, by which the sub-treasury balance was enlarged by several millions during the closing days of last week. The legal tenders in bank have declined nearly three millions, the deposits two millions, while the loans have increased $2,862,503. The specie has decreased $1,384,651. The torpor of general business is further shown by the fact that the clearings were less by $53,000,000 than those of last week, the aggregate being $455,000,000 against $508,000,000 last week and $512,000,000 the week previous.

—The New York *Post* says the chief feature of importance in Wall street is the sluggish torpor which prevails in all departments of business, the only exception being in Government bonds, in which a lively business is doing, the demand being partly speculative and partly for investment. The report of the sales of long bonds from the Treasury shows a gratifying improvement on the state of things which prevailed at the beginning of last week. The advices from Europe of higher prices for Five Twenties and scarcity of bonds in the market have produced a responsive movement here, and gold bonds advanced ½ on Monday afternoon.

—The Chicago *Tribune*, of Wednesday, says: In our local columns will be found a full account of the case of Drew vs. Wheeler heard before Judge Gary to-day. The case arose out of a "short" sale of wheat, deliverable at Milwaukee. The defendant was instructed to sell for the plaintiff a lot of wheat at a certain figure, seller's option, ten days, plaintiff putting up a margin. A few days after the sale was made, wheat advanced almost enough to swallow up the margin. The defendant called on plaintiff for more margin, which he refused to put on. The defendant then filled in the "short" to protect himself, at a loss to the plaintiff. Subsequently and before the option expired, wheat suffered a material decline. The plaintiff sues to recover his probable gain. The defendant pleads custom. The Court holds that the plea is not good, as the evidence shows that the custom of "filling in" at the "running out of margins" is universal among the commission merchants of this city. Verdict for plaintiff.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, February 21, 1867.

The produce markets continue moderately active, that is, we can report a fair volume of business in a jobbing way, but round lot operations are of rare occurrence. The demand for most, if not all, of the leading commodities, is restricted almost entirely to filling small orders, and both dealers and consumers, as a general thing, are restricting their purchases to the very lowest point.

GROCERIES—The market is moderately active, and we can report regular jobbing sales at the following quotations: Coffee, 25 to 26¼, for prime Rio; New Orleans Sugar 13 to 14½; Cuba, 11½ to 12½; Porto Rico, 12 to 13½; Crushed, 16¾; "A" Coffee, 15¼; "B" Coffee, 15; "C" Extra, 14¼ to 14¾; New Orleans Molasses, 90 to 95; Porto Rico, 70 to 75. Syrups, 75 to $1,10—the outside figure for fancy brands. Rice, 10 to 11½. Teas quiet and unchanged.

GRAIN—Wheat is dull and nominally unchanged. We continue to quote at $2,55 to $2,60 for No. 1 Spring, and $2,85 to $2,90 for Red Winter. Barley is in demand at 95 to $1 for No. 1 Spring. We can report a sale of 1 car Rye at $1,25. Oats quiet and unchanged; may be quoted at 48, on track, and 50 to 52, in store. Corn is selling in small lots at 75 to 80, as to quality.

FLOUR—Is dull and weak with a drooping tendency. We now quote at $11,50 to $12 for good to choice standard Spring Wheat brands; $13.50 to $14 for Winter Wheat; and $16 to $17 for fancy St. Louis brands. Rye Flour is selling in a small way at $7,50 to $7,75 per bbl, and Buckwheat at $3,75 to $4 per cwt.

PROVISIONS—Bacon is selling in a jobbing way at 10 to 10½ for Shoulders, and 15 to 15½ for Sugar Cured Hams. Lard is quoted at 12 to 12½ for steam, and 12¾ to 13 for kettle rendered. Mess Pork—occasional small sales at $21 to $21,50.

DRIED FRUIT—Sale of 1 car Apples, delivered, at 9c—no charge for packages. Peaches—sales of 7 bbls quarters at 16 cents and 10 bbls halves at 19—in a retail way, about one cent per pound higher.

GREEN APPLES—Demand fair and market steady at former quotations—sale of 180 bbls common at $2,50 per bbl, and 50 barrels choice at $4 per bbl.

POTATOES—Continue very dull; sales of 20 bus at 75 per bushel; 30 bbls choice at $2 75 per bbl, and 40 bbls "River," at $2,75 per bbl.

BUTTER—Continues dull with a supply considerably in excess of the demand, and a sale of any magnitude could hardly be made at any price. We quote prime Roll at 28 to 30—in a small way.

EGGS—The market is dull, with a supply considerably in excess of the demand, and we quote fresh packed nominally at 30 per dozen.

SEEDS—Flaxseed may be quoted firm at $2,65 for small lots—a round lot would bring $2,70@2,75. Cloverseed is selling in a small way at $8,50 to $9, and Timothy at $3,25 to $3 50.

HAY—Baled Hay continues very dull but unchanged—may be quoted at $23 to $25 for good to strictly prime Timothy.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, THURSDAY, February 21, 1867.

CRUDE—There is but little doing in the Crude market, when we take into consideration the fact that navigation is again fairly resumed, and that heavy arrivals may be expected within the next few days. Compared with yesterday, however, prices have undergone no change, and we can report a sale of 1000 bbls, to arrive, at 7½; 2000 for March delivery, at 7½; and 85 bbls, on the spot, at 7¾. April and May may be quoted at 8 to 8¼, and June and July at 8½ to 9. Smith's Ferry oil is dull with a drooping tendency—nothing doing in Kanawha oil, and we hear of none offering.

REFINED—There is apparently a little more inquiry, but prices are no better; indeed, the general belief seems to be that the bottom has not yet been reached, and that a still further decline must ensue. We can report a sale of 300 bbls, on the spot, at 21½, which is a little above the market, 27 to 27½ being the best offers at present for immediate delivery, in Philadelphia; also, 1000 bbls *standard white*, for April delivery in Philadelphia, at 29. *Prime light straw to white* may be quoted at 27 to 27½ for March, and 28 to 28½ for April. For free oil, the demand is very light, and prices are unchanged; small sales at 42 to 43.

ARRIVALS—The following arrivals of oil were reported to-day:

Fisher & Bro.	1400	Jas. Wilkins	193
J. K. Barbour	109	S. B. Floyd & Co.	15

CENTRAL LIVE-STOCK MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, Feb. 21, 1867.

CATTLE.

There has been a light run of cattle this week again, and with a good attendance of buyers, and a brisk shipping demand, the market was firm, and compared with last week, prices have still further advanced. We now quote at 6 to 7 cents, gross, for fairish to medium; 7½ to 8 for good to prime, and 8¼ to 8½ for extra—it is said that there was a sale of extra at 8¾. The offerings being unusually light, holders experienced no difficulty in selling, and that, too, at the advance noted, while buyers were forced to pay the prices or go home with their money in their pockets. Even common cattle were sought after, and taken at an advance, a thing which occurs only when cattle are scarce and high, and sellers realizing that they had the market pretty much in their own hands, had no compunctions of conscience in making the best possible use of it. Usually big prices draw out larger shipments, and with an over supplied market, prices are sure to decline, and it would not be surprising to see a reaction within the next few weeks—shrewd operators are looking for it, and shaping their sails accordingly.

SWINE.

During the early part of the week the market for Hogs was a little "shaky," and with unfavorable reports from New York, a general "break-down" was looked for. Since then, however, a stronger feeling has sprung up, and buyers are buying pretty freely, at about last week's prices. Light Hogs, suitable for New York, may be quoted at 7 to 7¾—Wm Leeds reports having bought 400 head for shipment to that market, at the prices above named. Good to prime Philadelphia Hogs sold at from 7½ to 8 gross, the outside quotation being realized with but little difficulty for prime heavy averages. Generally, the quality of the Hogs was of an inferior order, and this, as a matter of course, had a tendency to appreciate prime heavy averages—suitable for retailing in the Philadelphia market. Among others, Crouse, Emerick & Co., Hedges & Co., Gilchreist & Co., Singer & Imhoff, Mace & Orr, bought pretty liberally for shipment. Lafferty & Co, sold several droves. C. M. Keys shipped 500 head to Baltimore which cost him on an average, 7,60. The transactions for the week will probably foot up about seven thousand head, more or less.

SHEEP.

The market for this class of stock has improved, and with a good shipping demand and a pretty full attendance of buyers, prices, compared with last week, are a shade higher. We quote at from 4½ to 7,15, and these may be regarded as the extremes of the market. D. Holser sold Erisman 140 head of extra at 7,15; Hesk to Erisman 158 at 6,35; same to same 150 at 5,40; Erwin to same buyer 158 at 6.30. Mace & Orr to same buyer 63 at 6,85; Johnson to Munn 3 car loads of extra at a profit of $125. Hesser & Co. report having shipped to Philadelphia 18 car loads, which cost 4½ to 7.

REPORTED SALES OF CATTLE FOR THE WEEK ENDING FEB. 21, 1867.

Huff to Todd 17 head of good steers, averaging 1300, at $90 per head; same to same 18 head light steers, averaging 1000, at $62 per head. Saltsback to Spotts 17 head, weighing 19,375, at 7. M. Johnston to Mooney & Co. 20 head, weighing 21,400, at 6¾. Aull & Co. to Frank 46 head, weighing 54,880, at 7.45. Myers Needy to same 38, weighing 39,975, at 6,80; same to same, 18 head, weighing 17,200, at 6. Dickenson to Mooney 9 head, weighing 8225, at 6¼. Davis & Co. to Mooney 12 head, weighing 12,825, at 6,80. Ward to Mooney 16 head, weighing 20,025 at 7½. Saltsback to Montague & Co. 35 head, weighing 48,550, at 7. Myers & Needy to Wood, Morrell & Co. 18 head, weighing 19,200, at 7¼. Duffy & Co. to Hymen 19 head, weighing 19,450, at 6¾. Huff to Duffey & Co. 19 head, weighing 19,575, at 5,50. Coffey to Klemen 54 head, weighing 61,850, at 7. Parmer to Willer & Bro. 17 head, weighing 18,350, at 6¼. Hadden to McCutcheon 13 head, weighing 14,925, at 6,90. Myers & Needy sold Barney Grey two car loads, of extra cattle, on private terms—supposed to be about 8¾. M. Johnston to John Smith 34 head, averaging 1,300, at 7¾; same to same 1 car "tail ends" at 6¼.

MARKETS BY TELEGRAPH.

New York Financial Matters.

NEW YORK, February 21.—Money easy and steady, at 5@6 per cent. Sterling, firm at 8¾@9. Gold a shade firmer, opening at 137⅝, declining to 38¼. Government stocks firm. Freights to Liverpool, steady, with engagements of 30,000 bushels of corn, at 6½c per sailing vessels.

LATEST—Wall street is unsettled by the aspect of affairs in Washington. Gold firm, steady and advanced. Governments in the forenoon were active and firm. The supply of five-twenties of 1862, available for export, appears almost completely exhausted, and the first issue of five-twenties of 1865 are consequently in demand for shipments. The Treasury has suspended the sale of the new issue of the latter, owing to the large amount of seven-thirties awaiting conversion. This is going forward at a rate which will dispose of the whole series before maturity.

Governments closed quiet and steady. Coupons, 81's, 110⅝@110¾; Coupons, 62's, 111¾@111⅞; do, 65's, 108⅝@109⅛; do, new, 108⅝@108⅞; Compound Ten Forties, 101⅛@101¼; Seven Thirties, 105. The difference of 8@10 per cent between quotations for Five Twenties at London and Paris may be explained from facts that bonds are estimated in Paris Bourse on a basis of five francs on a dollar, while the actual value of a dollar in exchange transactions is 5,10@5,15.

Stocks firmer and meagre, with the continued depression of Pacific and Atlantic Mail. The former fell to 125, and the latter to 84. Erie higher. Miscellaneous shares quiet and unchanged. In the afternoon the stock market was generally better, and Pacific Mail and Hudson advanced considerable. At 4:30 P. M., the quotations were: New York Central, 102½; Erie, 56½; Reading, 104; Michigan Southern, 71¾; Northwestern, 35¾; Rock Island, 98⅜; Fort Wayne, 96½; Pacific Mail, 157¼.

To-morrow will be observed as a holiday in financial circles, and the banks and all stock boards will be closed, and business in Wall street and vicinity will be generally suspended.

The Mining market is strong, but generally quiet. Gregory is in better demand, and rose to $13, at the close with only a little offering. Quartz Hill advanced to $4.25 @4,30; Benton, $1,10; Columbia, $1,00; Corydon, $12,00; Desmaines, $2.15; Peoples', $1.80. Express stocks—Adams, 57; Wells, Fargo & Company, 39¾.

New York Produce Market.

NEW YORK, February 21.—Cotton heavy at ½@1c lower; sales of 1700 bales of uplands, at 32c. Flour more active, at 5@10c better, chiefly on low grades; receipts 1416; sales of 6800 bushels of state and western, at $8,65 @8,90; extra western, $9,95@10,85; choice, $10,10@12,00; shipping brands, $10,70@11,60; trade brands, $11,65@12,85; ex-southern, $12, 10@16,00. Market closed firm and quiet. Whisky quiet and steady. Wheat 2@3c better; no receipts; sales of 34000 bushels of No. 3, Milwaukee, $2,10; No. 2 do $2 28@2,30. Rye steady; sales of 7000 bushels of western, at $1,16@1,17; Canada free, $1,25@1,28. Barley without decided change, at $2,23 Canada West free, $1,15@1,20. Barley Malt, dull. Corn 1c lower; receipts 3000; sales of 123,000 bushels mixed $1,06@10,7 on shore and $109@1,09½ afloat, western yellow on shore $1,07. Oats firmer; receipts 2700; sales of 35000 bushels of western, at 55@58; State 66@67. Rye in fair demand; sales of 75 tierces of Carolina, at 10¼. Coffee firm. Sugar quiet; sales, 145 hhds; Cuba, 10½@10¾; Porto Rico, 11¼c. Molasses firm at 75c; new Cuba, 51@55c. Petroleum dull; crude, 18c; refined in bond, 28½@30c. Hops—New, 30@70c. Pork firmer and in fair demand; sales of 3,750 barrels, at $20,50@21,00 for new mess, closing at $20,95 for Western; $19,62@20,12 for old mess; $16,75@17,00 for prime, and $19@20 for prime mess; also 2,250 barrels of new mess at $20,87@21.25, for sellers' and buyers' option of February, March and April. Beef unchanged; sales of 480 tierces. Beef Hams quiet; sales of 200 barrels, at $32,00@35,50. Bacon inactive; sales of 150 boxes of long cut hams, 13c, and 100 boxes of short ribbed, for March, at private terms. Cut Meats firm; sales of 325 packages at 8¾@10c for shoulders, and 11@13c for hams. Dressed Hogs firmer, at 9¼@9½ for western, and 10¼@12c for city. Lard firmer; sales of 2,150 barrels, at 11½@12¼c for old, and 12¼@13¾c for new. Butter dull, at 15@26c for Ohio. Cheese dull.

LATEST—5 P. M.—Flour closed dull and heavy. Wheat closed 1@2c better, with a fair milling demand. Rye steady at $1,15@1,16 for western. Corn closed firmer; mixed western $1,07 in shore, and $1,08 delivered. Oats closed steady at 56@58c for western. Whisky closed firm at $2,31@2,33½ in bond. Pork firm at $21 for new western. Dressed Hogs firm at 9¼c for western, and 10½c for city. Lard closed firmer; sales at 12½@13¾c for new.

Cincinnati Market.

CINCINNATI, February 21.—Cotton remains inactive, and the demand is light at 29@29½c for middling uplands. The receipts for the last two days are 467 bales. Flour is unchanged; Superfine, $9,75@10,25; trade brands, $11.50@13 50, and fancy brands, $14 @16. Wheat; No. 1, $2,40@2,45 for Spring; and $2,90 for Winter. Corn is in rather better demand, but prices are not quotably higher, at 59@60c for No. 1 in elevators, and 74@75c in sacks. Oats firmer, owing to light receipts, but prices are not changed, at 50c for No. 1 in elevators. Rye is firm at $1.23@1.25. Barley is dull and unchanged. Whisky steady, at $2,25 in bond. Mess Pork is selling at $20 for city, and $19,75 for country, and some of the latter was sold at $19,50. Bulk Meats are dull at 7½, 9½ and 11½ cents, for city. RIVER NEWS.

The river was apparently at a stand last evening with eighteen feet in the channel, according to the Allegheny marks. The weather yesterday was stormy and unsettled, with rain in the early part of the day and snow in the afternoon.

The America, from New Orleans, is the only arrival we have to report, and the Columbia, for Nashville, was the only departure. The latter boat had a splendid trip, having about all the freight she could take, and engagements below, and quite a number of passengers. The Belle arrived and cleared for Oil City.

The America had a good trip up including three hundred bales of cotton—51 bales for A. H. Childs & Co.; 157 for Holmes, Bell & Co; 52 for Kennedy, Childs & Co.; and 40 for Parke, Painter & Co. She also brought up 42 hhds of sugar, including 25 hhds for E. H. Myers & Co., and 7 hhds for Coleman.

Capt. Geo. C. McLean has been nominated by the President Surveyor of Customs of this port in place of James Lowrie, Jr. Capt. McLean is an old steamboatman, having at one time been connected with the Pittsburgh and Cincinnati Packet Line, and succeeded Capt. Batchelor in command of the Allegheny. For a number of years past he has been chief clerk of the Custom House.

The Great Republic continues to be the great centre of attraction, and she is universally admired by all who have seen her. The scenic painting is being done by Col. Wm. C. Wall, who, we have no doubt, will put on his "best licks." The finishing, furnishing and equipment of this boat will surpass anything of the kind in the Western country.

The Ezra Porter, Capt. J. H. Porter, is filling up steadily for St. Louis, and will leave on Saturday without fail, and the same remarks will apply to the R. C. Grey, Capt. Anderson, for Cincinnati and Louisville, leaving on Saturday.

The Armenia, Capt. A. C. McCallum, Sr., is filling up steadily for New Orleans, and will be the first boat out, and passengers and shippers should bear this fact in mind.

The Parkersburg, (West Va.) *Times* says: It gives us pleasure to be able to announce on the authority of Mr. McArthur, Civil Engineer for the Company, that Lock and Dam No. 1 at Shacktown, is already under contract, and that the contractors are our worthy and enterprising citizens Messrs. Dawson & Maurice. In consequence of the proportionately high prices of timber, the dams are to be constructed of stone. Dam No. 2, near Leech's Dam, below Newark, is now open for bids, and negotiations will be promptly made for putting it also in the course of construction.

On Friday, the 15th, the sternwheel Imperial, lying in Quincy bay with some freight on board, was sunk by the moving ice. She was owned by Messrs. Dougherty, Smith and others, of Keokuk, Iowa, and insured for $12,000, principally in St. Louis.

On Saturday, 9th, at New Orleans, Sheriff Simpson sold at public auction steamers Mollie Fellows and Dixie. The Mollie Fellows was purchased by Capt. Jas. E. Phelps for $4200, and the Dixie by Mr. N. Carpenter for $3000.

The Argosy and Maggie Hays were advertised to leave Cincinnati for Pittsburgh on Wednesday. We take the following items from the Cincinnati *Commercial*:

Capt. R. H. Porter left for Pittsburgh on last night' train. He takes charge of the Ezra Porter. Capt. Lew Kates has retired from the command of the Dean Line packet Minneola, and will take charge of the Memphis and Cincinnati Packet Company's steamer Darling on her return from Memphis. Capt. W. B. Miller, formerly of the Harry Dean, and more recently of the house of Dean & Hale, succeeds Capt. Kates in the command of the Minneola, while Mr. John Grubb succeeds Capt. Miller with Dean & Hale. Mr. W. C. Grubb continues in the office of the Minneola, now loading for Memphis. Com. T. Dean, Superintendent of the "Dean Line," returned from New York yesterday, and departs for New Orleans next week. He sports a new tile, the latest style. Capt. Sam Shuman, Superintendent of the Pittsburgh, Cincinnati, Cairo and St. Louis Packet Company, is in this city perfecting arrangements for the present season. His line comprises new, staunch, and reliable passenger and freight steamers, commanded by thorough boatmen. Capt. D. R. Richardson and Mr. Geo. W. Vankirk left for St. Louis in last nights train, where they will take charge of the New York, recently purchased by Captain H. C. Richmond. The United States Court at Galveston decided the libel case of the steamer Agnes, on the 7th inst., in the following manner: Two casks of wine, bonded in the Custom-house at New Orleans, were shipped on the Agnes, and delivered by her officers to the consignees in Galveston, unaware that duties were owing to the United States. The Court adjudged that the vessel ought not to be held, because her officer had no means of knowing that the goods were liable for duties.

ATWOOD AND MCCAFFREY.—Few Brass Founders and Steam and Gas Fitters in this country enjoy a deservedly higher reputation for mechanical skill and ability than Messrs. Atwood & McCaffrey, whose place of business is at the corner of Third and Liberty streets. They give careful and particular attention to every job great or small which is entrusted to them, and finish their work in such a creditable and durable manner as will in every instance insure satisfaction. All descriptions of light and heavy brass castings are furnished promptly to order, while special attention is paid to the fitting out and repairing of oil refineries, steamboats, rolling mills, &c., &c. They likewise deal extensively and manufacture plain and galvanized wrought iron pipe, heavy oil well tubing, malleable and cast iron fittings, brass and iron cocks, globe safety check valves, steam, syphon and every kind of hand pumps. The steam whistles, water guages manufactured by this firm are favorably known to all river men, and are in keeping with the general style of the fitting and workmanship of articles turned out from this establishment. We commend this firm to the patronage of all our river friends and readers who may need any article in their line of business. They are enterprising, fair dealing and industrious gentlemen in every way worthy the patronage of the community at large.

WHITE, or HOCK WINE—Of a light straw colored, very delicate and fine flavored.

CLARET—A superior wine for table use.

ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine desert wine, and well adapted for Communion purposes.

MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.

PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.

GRAPE BRANDY—The pure distillation of our Wines.

WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.

This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard. Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who don't feel very well just before breakfast or dinner, whose stomachs are out of order, and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.

It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.

It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

CONSUMPTION.

Our son, JAMES PAINTER, some three years ago was afflicted with consumption of the lungs for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

JAMES PAINTER.
MARY ANN PAINTER.

Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 31, 1856.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eighteen months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle, I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think that it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE, Witness—R. M. KERR. Peebles township.

A case of five years' standing cured by Dr. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1859.

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON.
Alderman, Fifth Ward.

WHOOPING COUGH.

Below will be found a certificate from Doctor M. DUPUY, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 23, 1862.

DR. KEYSER:—Dear Sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believed to be that malady. We administered your syrup liberally, and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial. Yours,

A. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa. in reference to Trusses and other mechanical appliances for the cure and relief of hernia, rupture, besides various broken down conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store, Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of Hernia or Rupture, so perfect in its parts and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied that all those who have been plagued or annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M., and one to four P.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome, will wear out of themselves, or that no remedy will avail in effecting a cure; in this way many persons have suffered through half a dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated, or as is often expressed, TAMPERED WITH; hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand as we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he has entirely recovered, and can now hear as well as ever he did.
